

The true 2300 days
of the sacrifices
and the post-AOD
desolation
of the coming
Third Temple

For 40 odd years many biblical Christians have wondered what the **2300 days** are all about. Here is the immediate biblical context from Daniel chapter 8 verse 13.

Daniel 8

13 Then I heard a holy one speaking. Another holy one said to the one who was speaking, "How long will the things in this vision-the daily burnt offering, the destructive rebellion, the surrender of the holy place, and the trampling of the army-take place?"

Daniel 8

13 "*How long* will the things in this vision-

1 the daily burnt offering,

2 the destructive rebellion,

3 the surrender of the holy place, and

4 the trampling of the army-take place?"

Daniel 8

14 He told me,

**"For 2,300 evenings
and mornings.**

**Then the holy place will be
made acceptable to God."**

How likely is this to be a coincidence?

The first two Fall Feasts encompass the final seven years of this age. They initiate and terminate the 70th Week of Daniel, then extend out 30 days more, to reach the Day of the Lord.

So, it seems that **the 2300 days** are a future time period inclusive of the time of

1 The period of the Temple sacrifices

2 Then the destructive rebellion, the midpoint abomination of desolation, the surrender and

3 The subsequent trampling of the army

4 The time the Holy Place lies desolate.

So, we now move on to ask how this time period of **2300 days** relate to the 70th Week, which is accounted as $7 \times 360 = 2520$ days. This is divided into two halves of 1260 days which are separated at the midpoint by the **"Abomination that makes desolate"**.

The **Trampling of the Army** is another perspective on the **Great Tribulation**.

Not sure I understand that.

We then move on to discover that the **terminus** of the **desolation** of the **Holy Place** occurs with the arrival of "the sign of the son of Man in the heavens", just as Messiah comes to **terminate** the **Great Tribulation**. This is also stated in Daniel 9:24 where we see reference is given to the **Seventy Weeks coming to an end** with the time stated to "anooint the most **Holy Place**".

And from the end of that **second 1260 day period** we can run the **2300 days** backwards from that point. **2520 - 2300 = 220 days**. So we can conclude that the dedication of the Temple and the initiation of Temple sacrifices begins **220 days out** from the beginning of the 70th Week. Subtracting this time of 220 days from the first 1260 days we can conclude that the temple sacrifices will last for $1260 - 220 =$ **1040 days**.

So, this is actually a very wonderful timeline, a road-map of sorts for those on the scene at the time of the end. They will know how long the Temple sacrifices will last, how long the Holy Place will lie desolate, and when the sanctity of the Holy Place will be restored by the returning Presence of Messiah.
